Xiem
STUDIO TOOLS

2011 CATALOG

Welcome to Xiem Studio Tools.

Working with clay as an artist and designer, I have often thought, “I wish there was a tool that does....” After opening Xiem Clay Center in 2003, I have watched thousands of students learn and progress with clay. We have stocked our store with tools that match the diversity of classes we offer. Xiem sells a wide range of tools from other vendors. Where the tools we need were not available, I designed and made my own to offer in the store. Xiem Studio Tools are based on my experience at Xiem Clay Center and I designed them using my background as an industrial designer and ceramic artist.

At Xiem we are committed to offer the highest quality tools, competitively priced, and with the best service possible. Every Xiem Studio tool offers a simple solution and creative purpose – we are focused on good design and quality execution without compromise. Xiem Studio Tools are the new essentials for clay artists.

We hope that you will explore the range of Xiem Studio tools. We are committed to develop tools, which support the ceramic artist in realization of their best creative and technical work. We also bring to this the commitment to service, teaching, and support of the ceramic art community, which Xiem has been known since 2003. We hope that you agree that Xiem Studio Tools simply make sense.

Best regards,

Kevin Nguyen
Founder

ARTBAG

The Xiem Art Bag is designed for potters, artists and students who need an easy-access, efficient and breathable solution to ceramic tool storage. Built around a robust metal frame, the thick canvas bag features 2 large compartments, 16 holsters, and 17 pockets of various sizes- ideal for brushes, trimming tools and any other secret weapons you stash in your bag of ceramic tricks. 2 burly straps on either side keep larger tools from falling out, plus the canvas-reinforced plastic bottom won't let anything sharp poke through. Add a tough wooden handle and a load limit of 25 lbs, and Xiem guarantees you will love it. Size: 16"x9"x12"
